Summary of Benefits and Coverage: What this Plan Covers & What You Pay for Covered Services

Coverage For: All **Plan Type:** EPO

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, www.bcbsvt.com/nonstd-copay-cert. For general definitions of common terms, such as allowed amount, balance billing, co-insurance, co-payment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at http://www.bcbsvt.com/glossary or call (800) 255-4550 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall **deductible**?	$2,100 individual / $4,200 family aggregate. Co-insurance and co-payments do not apply to the deductible. This benefit combines your prescription drug and medical deductibles.	Generally, you must pay all of the costs from providers up to the deductible amount each plan year before this plan begins to pay. If you have other family members on the policy, the overall family deductible must be met before the plan begins to pay. Your plan year: 01/01/2021 through 12/31/2021.
Are there services covered before you meet your **deductible**?	Yes, preventive care, dental class I, the first three primary care, mental health and substance abuse office visits (including routine lab services) combined up to a total of nine visits per family, wellness drugs	This plan covers some items and services even if you haven't yet met the deductible amount. But a co-payment or co-insurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other **deductibles** for specific services?	No. There are no other specific deductibles.	You don't have to meet deductibles for specific services.
What is the **out-of-pocket limit** for this plan?	$6,200 individual plan. Family plans have an individual out-of-pocket limit of $8,550 and $12,400 aggregate family. Prescription drugs: $1,400 individual plan / $2,800 family aggregate. Medical and prescription drug out-of-pocket limits are combined.	The out-of-pocket limit is the most you could pay in a plan year for covered services. If you have other family members in this plan, the overall family out-of-pocket limit must be met.
What is not included in the **out-of-pocket limit**?	Premiums, balance-billing charges, adult vision care, adult dental services and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a **network provider**?	Yes. See www.bcbsvt.com/findadoctor or call (800) 255-4550 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a **specialist**?	No.	You can see the specialist you choose without a referral.

*Deductible applies to these services.
