

# Employer Group Number for Primary Care Provider Prior Authorization Waiver

Under Act 111, there are certain Blue Cross and Blue Shield of Vermont members who do not require a prior authorization for qualifying services ordered by a qualifying primary care provider (see Section 12 of our on-line Provider Handbook for details). Use the below list of group numbers to identify those members who do not require prior authorizations for qualifying services ordered by a qualifying primary care provider. The list provides the first three digits of the member's group number on their health insurance member ID card.

Note: The list below is subject to change and will be updated at least monthly.
