Services, Equipment, and Supplies Requiring Prior Approval

If the service and applicable CPT® or HCPCS code appears below, we require prior approval even if the plan is secondary to another carrier, including Medicare. This list applies to the following health plans. Please note that the IBEW Local 300 and The State of Vermont groups may have benefits and/or requirements that vary from our general Blue Cross VT List:

- Blue Cross and Blue Shield of Vermont (Blue Cross VT)
 Note: Blue Cross VT also includes Access Blue New England (ABNE), New England Health Plan (NEHP), and The Vermont Health Plan
- IBEW Local 300 (IBEW)
- The State of Vermont ASO (SOV)

ABNE and NEHP members: requirements only apply when members have primary care providers (PCPs) located in Vermont. For members with VT PCPs, the member's Home Plan may manage mental health, pharmacy/mail order prescription drugs, requirements and reviews.

Federal Employee Program (FEP) members have separate prior approval or referral authorization requirements. Please see separate lists for details.

Prior approval requirements and member benefits vary according to the member's group or individual contract. Not all groups are required to follow the Vermont legislative mandates, and member contract language takes precedence over medical policies or the prior approval list when there is a conflict. Please verify member benefits prior to rendering services.

Unless otherwise indicated, the following health plans do not require prior approval for the services within this list:

- The State of Vermont Total Choice Plan (prefix FVT)
- Vermont Blue65 and Vermont Medigap Blue supplement plans (prefix ZIB)

Act 111 – Primary Care Provider waiver of Prior Authorization – Please refer to Section 12 of our on-line Provider Handbook: www.bluecrossyt.org/documents/provider-handbook

You may use our online prior approval request tool, by logging into your secure account at www.bluecrossvt.org/providers. We supply this list as a quick reference only. Codes appearing on this list may not be all inclusive. AMA and CMS code updates may occur more frequently than policy updates. Please visit our medical policy page for our list of active medical policies.

KEY

- A mid-dot (•) indicates that we require prior approval.
- 'NR' denotes that prior approval is not reviewed. Please verify member benefits prior to rendering services. *An NR notation does not indicate that the service is covered.*
