

Vermont Blue RxSM: One-Stop Solution for Prescription Drug Coverage

Vermont Blue Rx, your prescription drug coverage, provides you with access to a nationwide network of pharmacies, as well as home delivery options, to make managing your prescription drug needs easier.

As a member, your benefits include:

- **Home delivery:** Most maintenance medications can be automatically refilled and shipped every 90 days, saving you time and money.
- **Drug pricing tool:** Log in to the Member Resource Center to review your current prescriptions and search for medications to understand current costs.
- **Medication lookup:** Use our online tool and lists to learn more about covered medications and specialty drugs.
- **Medication therapy management program:** Connect virtually with a pharmacist to review your medications, understand drug interactions, and optimize the use of your medications to improve your overall health.

Please remember that prescription drug benefits can vary according to your health plan, so be sure to understand your plan benefits.

How to Lower Your Prescription Drug Costs

Check out our blog to learn how you could possibly save money on your prescription drugs by using our lists of covered medications to find alternatives for a drug you are taking.
